March 26, 2015

Self-Regulatory Organizations; Chicago Mercantile Exchange Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rules Change to Amend Listing Rules for New CDX Indexes Available for Clearing

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act” or “Exchange Act”),<sup>1</sup> and Rule 19b-4 thereunder,<sup>2</sup> notice is hereby given that on March 23, 2015, Chicago Mercantile Exchange Inc. (“CME”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in Items I, II and III, below, which Items have been prepared primarily by CME. CME filed the proposal pursuant to Section 19(b)(3)(A)(ii)<sup>3</sup> of the Act, and Rule 19b-4(f)(2)<sup>4</sup> thereunder, so that the proposal was effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

CME is filing a proposed rule change that is limited to its business as a derivatives clearing organization. More specifically, the proposed rule change would make amendments to its rules regarding the listing of new CDS indexes available for clearing.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

change. The text of these statements may be examined at the places specified in Item IV below. CME has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

CME is registered as a derivatives clearing organization with the Commodity Futures Trading Commission ("CFTC") and currently offers clearing services for many different futures and swaps products. With this filing, CME proposes to make rulebook changes that are limited to its business clearing futures and swaps under the exclusive jurisdiction of the CFTC. More specifically, the proposed changes would make amendments to its rules regarding the listing of new CDS indexes available for clearing.

CME offers clearing for CDX North American Investment Grade (Series 8-24) and CDX North American High Yield (14-24) Index Contracts. Further, CME plans to clear all future on-the-run series of the respective indices on a going forward basis. The proposed amendments would permit CME to maintain a list on its website of each index that a cleared CDX Index Untranching CDS Contract may reference, in lieu of maintaining such list in Appendix 1 to Rule 802, as it currently does. CME currently maintains on its website a similar list for iTraxx Europe Index Untranching CDS Contracts; the amendments proposed hereby would simply conform CME's practice for maintaining the list of indices for CDX Index Untranching CDS Contracts to CME's existing practice for maintaining the list of indices for iTraxx Europe Index Untranching CDS Contracts. The proposed amendments would affect CME Rules 80202.A.B. and 80202.B. and Appendix 1 of Rule 802.

The proposed rule change that is described in this filing is limited to its business as a derivatives clearing organization clearing products under the exclusive jurisdiction of the

Commodity Futures Trading Commission (“CFTC”). CME has not cleared security based swaps and does not plan to and therefore the proposed rule change does not impact CME’s security-based swap clearing business in any way. The proposed rule change would become effective immediately. CME notes that it has also submitted the proposed rule change that is the subject of this filing to its primary regulator, the CFTC, in CME Submission 14-095.

CME believes the proposed rule change is consistent with the requirements of the Exchange Act including Section 17A of the Exchange Act.<sup>5</sup> The revisions to Rules 80202.A.B. and 80202.B.B. and to Appendix 1 to Rule 802 will conform CME’s practice for listing indices for cleared CDX Index Untranching CDS Contracts to its existing practice for listing indices for cleared iTraxx Europe Index Untranching CDS Contracts. These amendments would provide market participants with a consistent format for identifying product eligibility requirements and should therefore be seen to be designed to promote the prompt and accurate clearance and settlement of securities transactions and, to the extent applicable, derivatives agreements, contracts, and transactions, to assure the safeguarding of securities and funds which are in the custody or control of the clearing agency or for which it is responsible, and, in general, to protect investors and the public interest consistent with Section 17A(b)(3)(F) of the Exchange Act.<sup>6</sup>

Furthermore, the proposed rule change is limited to CME’s futures and swaps clearing businesses, which mean they are limited in their effect to products that are under the exclusive jurisdiction of the CFTC. As such, the changes are limited to CME’s activities as a DCO clearing futures that are not security futures and swaps that are not security-based swaps. CME notes that the policies of the CFTC with respect to administering the Commodity Exchange Act are comparable to a number of the policies underlying the Exchange Act, such as promoting

<sup>6</sup> 15 U.S.C. 78q-1(b)(3)(F).

market transparency for over-the-counter derivatives markets, promoting the prompt and accurate clearance of transactions and protecting investors and the public interest.

Because the proposed rule change is limited in their effect to CME's futures and swaps clearing businesses, the proposed rule change is properly classified as effecting a change in an existing service of CME that:

- (a) primarily affects the clearing operations of CME with respect to products that are not securities, including futures that are not security futures, swaps that are not security-based swaps or mixed swaps; and forwards that are not security forwards; and
- (b) does not significantly affect any securities clearing operations of CME or any rights or obligations of CME with respect to securities clearing or persons using such securities-clearing service.

As such, the changes are therefore consistent with the requirements of Section 17A of the Exchange Act<sup>7</sup> and are properly filed under Section 19(b)(3)(A)<sup>8</sup> and Rule 19b-4(f)(4)(ii)<sup>9</sup> thereunder.

**B. Self-Regulatory Organization's Statement on Burden on Competition**

CME does not believe that the proposed rule change will have any impact, or impose any burden, on competition. The proposed amendments would simply provide market participants with a consistent format for identifying product eligibility requirements. Further, the changes are limited to CME's futures and swaps clearing businesses and, as such, do not affect the security-based swap clearing activities of CME in any way and therefore do not impose any burden on competition that is inappropriate in furtherance of the purposes of the Act.

CME has not solicited, and does not intend to solicit, comments regarding this proposed rule change. CME has not received any unsolicited written comments from interested parties.
