Re: Shareholder Proposals for: Fidelity Puritan Fund, series of Fidelity Puritan Trust
File No. 811-00649

Ladies and Gentlemen:

As indicated in the table below, letters were received at the principal executive offices of Fidelity Puritan Fund (the "Fund"), requesting that a proposal be submitted to shareholders at the next scheduled meeting of the Fund. As detailed in the letters, copies of which are attached, the proposals request that the Boards of Trustees of the Fund implement certain procedures to prevent the Fund from holding investments in companies that, in management's judgment, substantially contribute to genocide or crimes against humanity.

Shareholder (each, a "Proponent" and collectively the Proponents)	Proposal Dated	Defect Letter (the "Defect Letter") Dated
Ashley B. Berendt	August 8, 2010	August 30, 2018 October 9, 2018
Mary Haskell*	November 9, 2007 and July 24, 2010	August 30, 2018 October 9, 2018
Philippa Solomon (Carolyn Blackburn)	August 10, 2010	August 30, 2018

Pursuant to Rule 14a-8(b)(1), to be eligible to submit a proposal, a shareholder must have continuously held at least \$2,000 in market value, or 1%, of the company's securities entitled to be voted on the proposal at the meeting for at least one year by the date the proposal is submitted, and must continue to hold those securities through the date of the meeting. Upon initial receipt of the letters, the Fund verified that each Proponent met the eligibility requirements to submit a proposal pursuant to Rule 14a-8(b)(1). In preparation for an upcoming shareholder meeting, the Fund attempted to verify that each Proponent continues to satisfy the eligibility

* Ms. Haskell actively confirmed redemption of her shares on September 20, 2018.

requirements of Rule 14a-8(b)(1). The Fund determined that each Proponent was not a record owner of the Fund's shares. On the dates referred to above, we sent each Proponent a Defect Letter, copies of which are attached, requesting that the Proponent provide the information necessary to confirm that he or she continues to meet the requirements of Rule 14a-8(b)(1). To date, one Proponent confirmed their redemption of Fund shares and the remaining two Proponents have not responded to the Fund's requests and have not provided the information necessary to permit the Fund to confirm that the requirements of Rule 14a-8(b)(1) continue to be satisfied.

The next shareholder meeting for the Fund is scheduled to be held on or about May 20, 2020. Because the Fund is unable to confirm based on its records that any Proponent continues to be a shareholder of the Fund and has continuously held the requisite amount of that Fund's shares since the submission of the proposal as required by Rule 14a-8(b)(1), and because neither Ms. Berendt nor Ms. Blackburn (on behalf of Philippa Solomon) have responded to requests to provide additional holdings information, we intend to omit this proposal from the proxy statements for the Funds as permitted by Rule 14a-8(f)(1).

If you have questions or comments concerning this matter, please contact Brian Blackburn at (617) 563-7121.

Sincerely,

Cynthia Lo Bessette
Secretary of the Trust

To the Secretary:

I am writing to submit the enclosed shareholder proposal to one Fidelity fund for inclusion in its next proxy statement and for presentation at its next shareholder meeting. I hope that once it is on the ballot, you will take a favorable, or at least neutral, stance with regard to the proposal.

The fund and the number of shares I own is:

Fidelity Puritan (FPURX) 1,908.843 shares.

I am also enclosing a statement of my INDIVIDUAL account  which confirms my ownership of said shares.

I have continuously held at least \$2,000 of the fund for over a year and it is my intention to continue to do so.

Please confirm receipt of this cover letter and the shareholder proposal. If for any reason you choose to exclude this proposal from your proxy please notify me at the above address.

Other shareholders may have submitted this shareholder proposal in support of a campaign initiated by Investors Against Genocide. If another shareholder has already submitted the same proposal, please consider this a joint submission in support of his/her proposal.

Thanks for your consideration.

Sincerely,

Ashley B. Berendt

Genocide-free Investing Shareholder Proposal for Fidelity Puritan (FPURX)

WHEREAS:

Fidelity has released no genocide-free investing policy to prevent investments in companies that contribute to genocide. It may at any time increase such holdings or involve new mutual funds. As a result, individuals, through their mutual funds, may inadvertently invest in companies helping to fund genocide because of investment decisions made by Fidelity.

We believe that:

- 1) Investors do not want their pensions and family savings connected to genocide.
 - a) Reasonable people may disagree about what constitutes socially responsible investing, but few people want their savings connected to genocide.
 - b) In the face of the most extreme human rights crises investment companies share responsibility, along with government, to act.
 - c) In KRC Research's 2010 study, 88% of respondents said they would like their mutual funds to be genocide-free.
 - d) Millions of people have voted for shareholder proposals similar to this one, submitted by supporters of Investors Against Genocide, despite active management opposition.

- 2) This problem is particularly important to shareholders because Fidelity:
 - a) Has, for years, been a large holder of PetroChina, which, through its closely related parent, China National Petroleum Company, is internationally recognized as the worst offender helping fund the Government of Sudan's genocide in Darfur.
 - b) Actively opposed earlier shareholder requests for genocide-free investing.
 - c) Continued to buy shares of problem companies even after becoming aware of the investment's connection to the Darfur genocide.
 - d) Claimed to have a policy addressing extreme human rights issues, but has taken no action to avoid problem investments.

- 3) A policy against investments in genocide must:
 - a) Be clear and transparent.
 - b) Apply today and to any future genocide.
 - c) Prevent purchasing shares of companies known to substantially contribute to genocide.
 - d) Require corrective action for existing problem investments. If the fund holds problem companies and can effectively influence their behavior, then time-limited engagement may be appropriate. If not, the problem investments should be sold.

- 4) There are no sound financial, fiduciary, or legal reasons that prevent the fund from having a policy against investments in genocide, as TIAA-CREF demonstrated in 2009.
 - a) Ample competitive investment choices exist, even with index funds.
 - b) Avoiding a small number of problem companies need not have a significant effect on performance, as shown in Gary Brinson's classic asset allocation study.
 - c) Even the most conservative legal concerns can be addressed by a small change to the prospectus.
 - d) Management can easily obtain independent assessments of problem companies and their connection to genocide.

- 5) Investor pressure can help influence foreign governments, as in South Africa. Similarly, divestment pressure on Talisman Energy helped end the conflict in South Sudan.

RESOLVED:

Shareholders request that the Board institute transparent procedures to prevent holding investments in companies that, in management's judgment, substantially contribute to genocide or crimes against humanity, the most egregious violations of human rights.
