Securities Exchange Act of 1934 Release No. 81984 / October 31, 2017

Report on Administrative Proceedings For the Period April 1, 2017 through September 30, 2017

Rule 900 of the Commission's Rules of Practice (17 CFR 201.900) requires the Commission's Secretary to issue a six-month status report on the Commission's administrative proceedings caseload.

The attached report identifies the number of matters pending before the administrative law judges and the Commission at the beginning of the six-month period; the number of matters instituted, filed, and disposed of during the period; and the number pending at the end of the period. For each category of decision, the report shows the median age of the matters at the time of decision, the median age at the close of briefing, and the number of matters decided within the guidelines in Rule 900 for the timely completion of adjudicatory proceedings or within the time specified in orders instituting proceedings for issuance of an initial decision, or any extension granted by the Commission. Finally, the report includes data from the previous two six-month periods.

⁸ This includes petitions for review of Initial Decisions and remands from a Court of Appeals but not matters where the review is being conducted by a Division or Office other than the Office of the General Counsel.

⁹ After the conclusion of the prior reporting period, the Commission determined to construe a filing that was received from a *pro* se respondent in September 2016 as a petition for review of an Initial Decision.

¹⁰ For appeals filed after September 27, 2016, the recent amendments to the Rules of Practice require the Commission to issue a decision within eight months from the completion of briefing or ten months in a complex case. For appeals filed before September 27, 2016, the Rules of Practice require a decision within seven months from the date of the appeal or eleven months if the matter presents unusual complicating circumstances. The amended rules require that the Commission report both the median age at decision and the median days from the completion of briefing to decision, and as a result, this report contains both calculations, as well as the total number of matters fully briefed at the conclusion of the reporting period.
