(“CME”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in Items I, II and III below, which Items have been prepared primarily by CME. II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, CME included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. CME has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

CME is proposing certain revisions to its rulebook in connection with the November 30, 2012, acquisition of KCBTCC by CME Group Inc., the parent holding company of CME. The purpose of the proposed rule changes is to amend CME Rules 802 and 816 to integrate KCBTCC's derivatives clearing organization functions into CME's clearing functions. The changes became operational on January 11, 2013. The proposed material changes: (1) have the effect of making CME clearing member default rules applicable to KCBTCC clearing participants; and (2) establish the minimum guaranty fund deposit amount for KCBTCC clearing participants.

CME also certified the proposed changes that are the subject of this filing to its primary regulator, the CFTC, in CME Submission 12-461.

The proposed CME changes relate to CME's activities as a derivatives clearing organization clearing futures transactions. As such, CME believes the proposed changes do not significantly affect the security-based swap clearing operations of CME or any related rights or obligations of CME security-based swap clearing participants. CME believes the proposed

change is therefore properly filed under Section 19(b)(3)(A)⁵ and Rule 19b-4(f)(4)(ii)⁶ thereunder because it effects a change in an existing service of a registered clearing agency that primarily affects the futures clearing operations of the clearing agency with respect to futures that are not security futures and does not significantly affect any securities clearing operations of the clearing agency or any related rights or obligations of the clearing agency or persons using such service.

B. Self-Regulatory Organization's Statement on Burden on Competition

CME does not believe that the proposed change will have any impact, or impose any burden, on competition.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

CME has not solicited, and does not intend to solicit, comments regarding this proposed change. CME has not received any unsolicited written comments from interested parties.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has been filed pursuant to Section 19(b)(3)(A)⁷ of the Act and Rule 19b-4(f)(4)(ii)⁸ thereunder and was effective upon filing. The changes became operational on January 11, 2013. At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.⁹
