

SECURITIES AND EXCHANGE COMMISSION
(Release No. 34-72466; File No. SR-ISE Gemini-2014-17)

June 25, 2014

Self-Regulatory Organizations; ISE Gemini, LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change to Extend the Price Improvement Mechanism Pilot Program

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on June 20, 2014, ISE Gemini, LLC (the "Exchange" or "ISE Gemini") filed with the Securities and Exchange Commission the proposed rule change as described in Items I and II below, which items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

ISE Gemini proposes to extend two pilot programs related to its Price Improvement Mechanism ("PIM"). The text of the proposed rule change is available on the Exchange's Web site www.ise.com, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the

places specified in Item IV below. The self-regulatory organization has prepared summaries, set forth in sections A, B and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange currently has two pilot programs related to its PIM.³ The current pilot period provided in paragraphs .03 and .05 of the Supplementary Material to Rule 723 is set to expire on July 18, 2014.⁴ Paragraph .03 provides that there is no minimum size requirement for orders to be eligible for the PIM. Paragraph .05 concerns the termination of the exposure period by unrelated orders. The Exchange has continually submitted certain data in support of the current pilot programs. The Exchange proposes to extend these pilot programs in their present form, through July 17, 2015, to give the Exchange and the Commission additional time to evaluate the effects of these pilot programs before the Exchange requests permanent approval of the rules. To aid the Commission in its evaluation of the PIM Functionality, ISE Gemini will also continue to provide additional PIM-related data as requested by the Commission.

2. Basis

The basis under the Securities Exchange Act of 1934 (the "Exchange Act") for this proposed rule change is found in Section 6(b)(5), in that the proposed rule change is designed to promote just and equitable principles of trade, remove impediments to and perfect the mechanisms of a free and open market and a national market system and, in general, to protect

investors and the public interest. In particular, the Exchange believes the pilot programs are consistent with the Exchange Act because they provide opportunity for price improvement for all orders executed in the Exchange's PIM. Since the PIM has only been operating on ISE Gemini for less than one year, the Exchange believes it is appropriate to extend the pilot periods for an additional twelve months to provide the Exchange and the Commission more data upon which to evaluate the rules.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Exchange Act. Specifically, the Exchange believes that, by extending the expiration of the pilot programs, the proposed rule change will allow for further analysis of the PIM. In doing so, the proposed rule change will also serve to promote regulatory clarity and consistency, thereby reducing burdens on the marketplace and facilitating investor protection.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants or Others

The Exchange has not solicited, and does not intend to solicit, comments on this proposed rule change. The Exchange has not received any written comments from members or other interested parties.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time

as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A)(ii) of the Act⁵ and subparagraph (f)(6) of Rule 19b-4 thereunder.⁶

A proposed rule change filed under Rule 19b-4(f)(6)⁷ normally does not become operative for 30 days after the date of filing. However, pursuant to Rule 19b-4(f)(6)(iii)⁸ the Commission may designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange requested that the Commission waive the 30-day operative delay. The Exchange noted that such waiver will permit the pilot programs to continue without interruption.

The Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest, as it will allow the pilot programs to continue uninterrupted, thereby avoiding any potential investor confusion that could result from a temporary interruption in the pilot program. Further, the Commission notes that, because the filing was submitted for immediate effectiveness on June 20, 2014, the fact that the current rule provisions do not expire until July 18, 2014 will afford interested parties the opportunity to comment on the proposal before the Exchange requires it to become operative. For this reason, the Commission designates the proposed rule change to be operative on July 17, 2014.⁹

⁵ 15 U.S.C. 78s(b)(3)(A)(ii).

⁶ 17 CFR 240.19b-4(f)(6). In addition, Rule 19b-4(f)(6) requires the Exchange to give the Commission written notice of the Exchange's intent to file the proposed rule change along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Exchange has satisfied this requirement.

⁷ 17 CFR 240.19b-4(f)(6).

⁸ 17 CFR 240.19b-4(f)(6)(iii).

⁹ For purposes only of waiving the operative delay, the Commission has considered the proposed rule's impact on efficiency, competition, and capital formation. See 15 U.S.C. 78c(f).

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act.

Comments may be submitted by any of the following methods:

Electronic comments:

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>);
