

SECURITIES AND EXCHANGE COMMISSION
(Release No. 34-88579; File No. SR-NSCC-2020-009)

April 7, 2020

Self-Regulatory Organizations; National Securities Clearing Corporation; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change to Remove Access to the Fund/SERV Service by Data Services Only Members in Rule 52 and Revise the Defined Term for Fund/SERV in the NSCC Rules.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”),¹ and Rule 19b-4 thereunder,² notice is hereby given that on April 2, 2020, National Securities Clearing Corporation (“NSCC”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in Items I, II and III below, which Items have been prepared by the clearing agency. NSCC filed the proposed rule change pursuant to Section 19(b)(3)(A) of the Act³ and subparagraph (f)(4) of Rule 19b-4 thereunder.⁴ The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Clearing Agency’s Statement of the Terms of Substance of the Proposed Rule Change

(a) The proposed rule change of NSCC is annexed hereto as Exhibit 5 and consists of modifications to NSCC’s Rules & Procedures (“Rules”) in order to (i) remove access to the Fund/Serv service (“Fund/SERV”) by Data Services Only Members in Rule

¹ 15 U.S.C. 78s(b)(1).

52 of the Rules and (ii) revise the term “Fund/Serv” to “Fund/SERV” in the Rules to reflect conventional use of the term, as described in greater detail below.⁵

II. Clearing Agency’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the clearing agency included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The clearing agency has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

(A) Clearing Agency’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

Background – Data Services Only Members

In 2001, NSCC established a new membership category, called the Data Services Only Member.⁶ Data Services Only Members are permitted to participate solely in the transmission of data and information and have access to only those services specifically enumerated under NSCC’s Rules.⁷ The Data Services Only Members are not permitted

⁷ See Section 2(ii)(a) of Rule 2, supra note 5 (provides that Data Services Only Members participate “solely in the transmission of data and information, and shall

In 2002, the Data Services Only Member access was expanded to include access to Fund/SERV.¹¹ Data Services Only Members were provided access to Fund/SERV in connection with a new function of Fund/SERV called Fund/SPEED which was launched to provide firms and financial advisors with an ability to obtain information on, and transmit, their clients’ mutual fund purchase and redemption transactions through Fund/SERV in an automated format, with settlement conducted directly between counterparties and outside of NSCC.¹² Fund/SPEED was a combination of the XML inquiry functionality that had been provided to Data Services Only Members for

¹¹ Id. Fund/SERV is a service provided by NSCC to allow Members and certain Limited Members enumerated in Rule 52 to process and/or settle, as the case may be, on an automated basis purchase and redemption orders and transactions in interests in Fund/Serv Eligible Funds. See Rule 52, supra note 5.

Networking and an XML communications interface used to transmit data to Fund/SERV.¹³

The Fund/SPEED functionality was discontinued prior to 2013.¹⁴ Following the discontinuation of Fund/SPEED, a similar functionality has not been added to Fund/SERV for Data Services Only Members.

NSCC does not believe that there is a need to continue to permit Data Services Only Members to have access to Fund/SERV because the Fund/SPEED functionality, which was used by Data Services Only Members to access and transmit Fund/SERV data, was discontinued. NSCC does not believe that any Data Services Only Members have utilized Fund/SERV since Fund/SPEED was discontinued and there are currently no active Data Services Only Members that access the Fund/SERV service. In addition, Fund/SERV is primarily a service designed for settlement of mutual fund transactions and Data Services Only Members are not permitted to settle transactions through NSCC.¹⁵ As such, NSCC is proposing to remove the ability of Data Services Only Members to access Fund/SERV.

Fund/SERV®

NSCC is also proposing to change the term “Fund/Serv” to “Fund/SERV” in several places in the Rules to reflect current conventional use of the name of the service and the registered trademark of the service. In addition, the registered trademark symbol

would be placed on the term in Rule 52 in the heading for Section A to reflect that it is a registered trademark.

Proposed Rule Change

In order to implement the proposal above, NSCC would remove all of the references to Data Services Only Member in Section A of Rule 52 of the Rules,¹⁶ which is the section relating to Fund/SERV. In addition, NSCC would remove the sentence referring to orders being submitted by Data Services Only Members in Section 2 of Section A of Rule 52¹⁷ as that sentence would no longer be applicable if Data Services Only Members are removed from having access to Fund/SERV. NSCC would also change the term “Fund/Serv” to “Fund/SERV” in several places in the Rules and the registered trademark symbol would be placed on the term in Rule 52 in the heading for Section A.¹⁸

2. Statutory Basis

Section 17A(b)(3)(F) of the Act requires, in part, that the Rules be designed to promote the prompt and accurate clearance and settlement of securities transactions.¹⁹ NSCC believes that the proposed rule change is consistent with this provision because it would provide enhanced clarity and transparency for participants with respect to services offered by NSCC by updating the Rules to remove the ability to access a service that Data Services Only Members do not utilize and are unlikely to utilize in the future.

¹⁶ Section A of Rule 52, supra note 5.

¹⁹ 15 U.S.C. 78q-1(b)(3)(F).

Fund/SPEED, which was designed to provide participants access to, and the ability to transmit, certain Fund/SERV data without the ability to settle, was discontinued. Since Fund/SPEED has been discontinued, a similar functionality has not been added to Fund/SERV for Data Services Only Members and Fund/SERV is not being utilized by any Data Services Only Members. Since Fund/SERV is primarily a service designed to facilitate settlement of Fund/SERV Eligible Funds, which Data Services Only Members are not permitted to do through NSCC, NSCC does not believe that Data Services Only Members would utilize Fund/SERV in the future.²⁰ The proposed change of the defined term “Fund/Serv” to “Fund/SERV” in several places would also provide enhanced clarity for participants because “Fund/SERV” reflects the current conventional use of the name of the service and is the registered trademark for the service.

Therefore, by providing enhanced clarity and transparency in the Rules regarding the services provided by NSCC and the services to which Data Services Only Members have access, NSCC believes the proposed rule change would promote the prompt and accurate clearance and settlement of securities transactions, consistent with the requirements of the Act, in particular Section 17A(b)(3)(F), cited above.

(B) Clearing Agency’s Statement on Burden on Competition

NSCC does not believe that the proposed rule change would have any impact on competition. Since Fund/SPEED was discontinued, Data Services Only Members are not utilizing Fund/SERV. In addition, it is not anticipated that any Data Services Only

²⁰ See Section A.2. of Rule 52, *supra* note 1 (provides that “Orders submitted by Data Services Only Members shall not settle through the facilities of the Corporation.”)

Members will utilize Fund/SERV in the future because there has not been any functionality to replace Fund/SPEED for Data Services Only Members and Data Services Only Members are not entitled to use the settlement features of Fund/SERV which is its primary purpose. Therefore, the proposed rule change should have no effect on NSCC participants, other than to remove a right to have access to a service by Data Services Only Members that is unlikely to be utilized by Data Services Only Members. In addition, the changes of the term “Fund/Serv” to “Fund/SERV” and the inclusion of the registered trademark symbol would also not have any impact on competition because such changes are clarifications of the Rules and would not otherwise affect the rights or obligations of NSCC Members.

(C) Clearing Agency’s Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

NSCC has not received or solicited any written comments relating to this proposal. NSCC will notify the Commission of any written comments received by NSCC.

III. Date of Effectiveness of the Proposed Rule Change, and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)²¹ of the Act and paragraph (f)²² of Rule 19b-4 thereunder. At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or
